

VISTA SERIES BUILT IN-CEILING SCREEN

Integrating a ceiling recessed projection screen was never this easy. Meki In-Ceiling Screen is designed to be hidden in ceiling, the screen can be easily concealed and the installation is simple and quick. The solid shell board combines both practicality and beauty. Meki ICS has standard black edges surrounding the screen, which effectively absorbs the misaligned lights from the projector. It makes the edges of projected images sharp and clean. Furthermore Meki ICS are applicable to any types of ceilings.
